Howdy!

My name is Karen Bearden, 350 Triangle Coordinator. Today we held **Rivers on Raleigh: Rally Against the ACP**. We gathered across the street from the Governor's Mansion to bring attention to the proposed Atlantic Coast Pipeline (ACP), calling on Gov. Cooper to protect the rivers and watersheds that could be affected by the proposed pipeline. It was a land-based kayak river event emphasizing water and wildlife that will be affected by the proposed ACP. We had speakers and music, plus, kayaks, inner tubes, and signs for visuals. The estimate was about 50 people attending, with three TV stations there.

After the rally, a couple of us delivered a letter to the Governor's office, speaking briefly with Cheryl Waters. You will find the letter to the Governor attached below. I will also include a few photos from the rally today!

Hoping and looking forward to Governor Cooper coming out with an announcement opposing the ACP, like he did with seismic blasting and offshore drilling last week!!!

Let me know if you have any questions.

Peace and love for our beautiful Earth, Karen Bearden
